Forecast for Thursday 16 Jun 2022

Weather: Cloudy with some light rain or drizzle across western ranges, turning heavier and more persistent during the evening, especially across Skye and Lochaber. Best of any brightness in east.

Chance of cloud-free hill tops above 800m: 20% in the morning improving 40% in the afternoon and evening. Best chances across eastern ranges.

Low cloud and visibility: Low cloud quite widely down to 400-600 m in the early hours and through the morning, locally lower around the west coast. Some lifting and breaking of cloud during the afternoon, perhaps up to 600-800 m in the east. Very poor visibility within low cloud otherwise moderate or good.
